Sending Season's Greetings

Mailing a greeting card may seem old-fashioned and quaint. But the tradition continues to thrive, with around 1.5 billion holiday cards sent every year in the U.S.

An Englishman named Sir Henry Cole created the first holiday card in 1843. A government worker and activist, Cole had just helped to reform the British post office, lowering postage to a penny so more people could afford to send mail. Cole was also very popular, and struggled to find time to respond to the many holiday letters he'd received. Motivated to solve two problems at once—promote the postal system and send quick greetings to his friends—Cole commissioned artist John Calcott Horsley to design a holiday postcard. The card's front showed scenes of a festive family dinner and people doing charitable deeds.

Improved printing methods helped popularize holiday cards in the following decades. By the turn of the century, companies in both the U.K. and the U.S. were printing millions of greeting cards each winter.

¡Feliz Navidad!

En los Estados Unidos el envío de Christmas cards (tarjetas de Navidad) comienza a principios del mes de Diciembre. Otra de las tradiciones Navideñas

Estadounidenses consiste en colgar los Christmas stockings (medias de gran tamaño) para que aparezcan llenas de regalos a la mañana siguiente. Los niños acostumbran colgarlas durante Christmas Eve (Noche Buena). Los demás regalos se colocan debajo del árbol de Navidad para ser abiertos en la mañana del 25 de Diciembre.
